Dear Chair Forese and Commissioners,

Small business owners and individual ratepayers should only be responsible for paying for the electricity and associated costs that their businesses and homes use. Increasing the monthly fixed charge limits the ability to reduce utility bills through good energy efficiency practices within the business and the home.

I hear that APS is asking to increase both rates and fixed charges. Being a small business owner, I find that any increase to utility charges can hurt my business.

Commissioners, I ask that APS not be allowed to raise the bills for small business owners like myself.

Sincerely,

Ingrid Donaldson
